PROFILE

I am a frontend developer. I have been working in development for 4 years, focusing on frontend for the last 2 years. Frontend is the result of my actions: beautiful, animated and functional websites appear on the clean page of the browser. Excellent skills in React, TypeScript/JavaScript, Redux, Next, MUI, Tailwind, Styled Components, Docker, Git, Caprover. Successfully participated in several startups. I possess great soft skills: teamwork, productivity, high level of responsibility, and result-oriented mindset.
I value honesty, diligence, and respect.
Life motto - everything is possible!

WORK EXPERIENCE

Frontend developer

Freelance - Present now.
- I am developing some pet projects for myself and my friends.
- I am learning new technologies, new libraries (Svelte, react-dnd, express.js, MapBox) and I am applying for my projects.
- I deploy my apps with Docker and Caprover.

Little Knits Story (Montenegro).   *2021-2023*
It was several startups.
Our team was creating a blog about knitting, a social network for cosplayers and landing pages.

- I was developing new functionality on the React framework, supporting or refactoring old functionality,
- I was participating in discussions about the new design, assigning tasks;
- I switched from JavaScript to TypeScript, from React to Next.js, from RTK Query to SWR;
- I applied BEM, CSS modules, Styled Components, Bootstrap, MUI, Tailwind;
- I worked in a team, communicated with a product manager, backend developers and designers.
- I worked using Jira, GitHub Projects, GitHub, GitLab, Trello, Slack.

MY PROJECTS

Portfolio - this site is about who I am, my works, my contacts. I used Next.js App Router, React, TypeScript, RTK Query, i18n, SCSS, Tailwind, CSS Flexbox, CSS Grid, Caprover.
WizMap_React - this is a map. I used d3, regl, SASS
Channels-frontend - the frontend for a message board prototype. I used Vite, TypeScript, RTK Query, Tailwind.
Channels-backend - the backend for a message board prototype. I used Express.js
Dogs - this site is about dogs.
I used React, TS, Vite, Tailwind, RTK Query and deployed using CapRover.
Dustbins - this site is about sorting trash. I used React, react-dnd, TS, Vite, Tailwind, RTK Query.
Where_are_we - this app is about how we were driving from Montenegro to Finland. Used React, Vite, YaMaps, RTK Query, Caprover, Nginx.
Prodman it is a landing page. I used HTML, Ajax, Tailwind.
